

StarCross Web Design

Are you ready to be turned on to a new type of web design?

Do you have a business that needs to be on the web but you found it can be time-consuming to do it yourself and expensive to hire an agency?

Have you ever wanted your own personal website where you can show off your family and friends, voice your opinion or show the world your favorite antique car?

Would you like to see websites that bring back the basics of clean designs that you can read and navigate without all the clutter?

At **StarCross Web Design** our mantra is "**We Believe Less is More**" and while we don't skimp on our designs, we produce easy-to-view and easy-to-use websites.

You'll be an active partner in designing your site, instead of a client. We'll work with you on a routine basis so that you'll be aware of each step we take to create your vision of the perfect website.

Commercial Websites

Whether you need a site for advertising your services or a site that sells your product, we can help you through the process of getting a commercial web name that meets your needs. We'll do the research for you and present you with a list of available website names that fit your business.

If you need your business or product photos we can use your photographs or we'll do them for you. You get final approval on all shots and all photos become your property.

Personal Websites

If you want a personal site we'll help you put your vision on the web. We offer individualized webs that will make the most of showing off your family photos or convey your ideas. We also offer specialized services such as:

"Memory Books" – These online books are about you, your family, and your history. If online isn't what you want, we'll create your memories in a printed and bound book to give as a gift.

One-of-a-Kind Designs – We'll make your personal site by using **your** ideas and finding unique ways to present them. Using your personal flair for design, we can create content that is yours only.

"Pimp" My Design – Yes, we can do all the glitter you could ever want on a site! Just tell us what you have in mind and we'll let imaginations run wild.

We're Local

We're local to the Gateway-Military Blvd. neighborhoods and businesses and we'll come to you to show you what we can do.

Contact us at infostar@starcrosswebdesign.com or give us a call at **(561) 880-1118**. We'll be happy to set up an appointment for you.

Please note that we can host your site for you for a small monthly fee (there is a limit on the number of sites we can host, so take advantage of this offer as soon as you can).

Welcome to the StarCross family!
